

Bucharest, 23rd of March 2006

Recommendation Letter

We have rented through ESOP Consulting more residential properties for our management team, and our collaboration was a successful and reliable one. The company's representatives understood easily our needs, and professionally presented to us quality and adequate spaces. We appreciated their commitment in finding the place we would feel comfortable to call "home"!

We kindly recommend ESOP team to everybody that needs a residential apartment in Bucharest.

Warm regards,

Christos CHRISTOPOULOS
